

Dear Parents/ Carers.

Firstly, I would like to thank everyone for their cooperation during these times of change, the children have been wonderful adapting to their new routine.

In the new year our Governing Board will have 2 vacancies for parent Governors.

Governors provide, with the Trust, strategic management of the school. We are all volunteers willingly give up our time and experience to help the school to advance and improve. We meet 6 times a year, once every half term, meeting to see how the school is working, holding the staff to account for anything that is not on course with planned improvements.

In normal times we visit the school to monitor our assigned roles, currently this has to be suspended, but we still ask questions and help where we can.

If you are interested in applying for a place on the board then please contact the school office for an application.

If you would like more information the please contact me through the school office.

Paul Gamble Chair of Governors.
