

Given that $A + B = C$

Draw an arrow pointing to C

Given that $A + B = C$

Draw an arrow pointing to C

George has a box of counters.

- **For every 2 red counters there are 5 blue ones.**
- **George removes 36 blue counters from the box.**
- **There are now the same amount of red and blue counters.**

How many red counters were in the box at the start?

In a box of 48 oranges 1 in every 6 oranges is rotten. How many rotten oranges are there?

Three identical rectangles are arranged to make a shape.

What is the perimeter of the shape?

Each regular hexagon has a side length of 2 cm

Can you construct a shape with a perimeter of 44 cm?
