

IAL: to describe what plants need to grow and stay healthy

Watch this short video 'What do plants need to grow?'

<https://www.bbc.co.uk/bitesize/clips/zcn9j6f>

Think back to your learning last year in science. Can you label the different parts of the plant?

stem  
flower  
root  
leaf

Use the vocabulary to complete these sentences about what plants need to grow and stay healthy.

water                      light                      soil

Plants need \_\_\_\_\_ from the sun to help them to grow.

Plants will dry out unless they have \_\_\_\_\_.

Many plants need \_\_\_\_\_ to grow their roots in. They get nutrients from this.

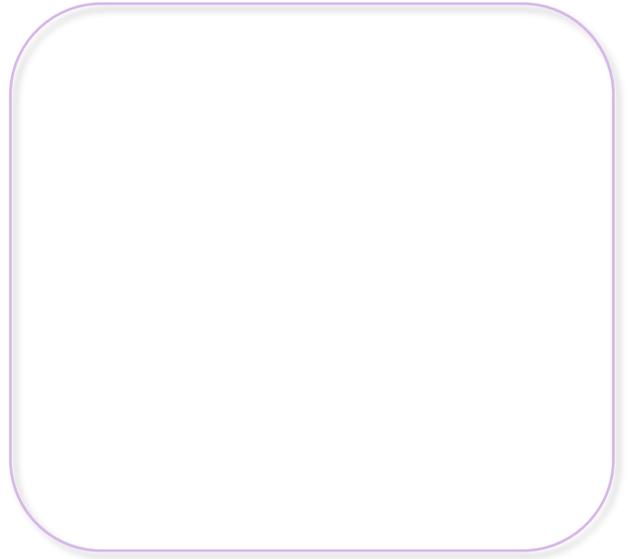

Did you plant your pepper seeds for your Easter activity? How are you looking after them? Have they started to grow? Keep a diary of how the seeds are growing each week. Draw a diagram and label what you can see.

If you didn't plant the pepper seeds, don't worry there's still time and any seeds will do.

---

---

IAL: how to use sources to find out about our monarch.

We are going to be learning about the life of Queen Elizabeth II.

Look at these sources and think about what they tell you about her. Write your answers in your home learning books.

To find out more about Queen Elizabeth II have a look on <https://www.dkfindout.com/uk/search/queen-elizabeth-ii/>
