

Year 5

Look carefully at this picture, paying attention to **all** of the details.

There are no 'wrong' answers, as long as your ideas are based on the image. Think about other stories, films or make links to your learning this year.

What different responses can you think of for these questions?

- Who is the man in the picture?
- What is in his briefcase?
- What is the creature on the right?
- What might the man be thinking/saying?
- Do you think they know each other?
- What is in the creature's briefcase?
- How might other people (outside the frame of the picture) react to this sight?

Give the picture a title and create your own story from it 😊
